TRANSPORTS NOT  
TO BE EMPLOYED

COMMERCIAL STEAMERS WILL  
STILL CARRY ALL MILITARY  
SUPPLIES FOR PHILIPPINES.

WASHINGTON, September 1.—The War Department has not found it necessary to take action on the recommendation of the commissary-general of the Army respecting the shipment of subsistence stores from the United States to the Philippines. General Weston recently reminded the department that it might be safer to have subsistence, quartermasters' ordnance and other military supplies destined for troops in the Philippines shipped either from New York or San Francisco by transports instead of by commercial lines. Of course, this would result in some delay in the delivery of material, and there was objection on this account. It has been found that commercial lines which have steamers sailing from Atlantic and Pacific ports for Asiatic waters have no further fear of Russian interference and capture. Instructions have been given in the case of commercial steamers sailing from New York that these vessels shall go around the Horn instead of way of Suez. It is found that these precautions by the commercial lines will be sufficient protection to American war supplies sent to the Philippines, and there will be no need of the adoption of the suggestion of the commissary-general.

DROWNED IN  
FIVE GALLONS

A JAPANESE BOY ON KAUAI  
MEETS DEATH IN A SMALL  
TUB.

LIHUE, September 12.—The young boy of Rev. Miyazaki of Kapala Buddhist Church was drowned on Friday afternoon in a tub containing not more than five gallons of water. The mother was at the time in Koloa, visiting her friends and Miyazaki had engaged a man to look after his children during the mother's absence and he himself was taking lunch when the tragedy occurred. The servant had placed a square tub about 2 feet high under a water tap and turned the water on to give drink to the horse. The boy was playing with the water in the tub after the man had taken the horse away and in some way lost his balance and fell head first into the tub. The water must have strangled him at once, making it impossible for him to cry out as the sad fate of the child was not discovered until the father came out into the yard after having finished his lunch.

The funeral took place Saturday evening, Rev. Kato of Kealia officiating. The ceremony was a most impressive one and there were more than five hundred people in attendance. The funeral procession started shortly after six o'clock. It was headed with friends carrying flowers, then the priest's carriage and hearse, followed by the brother of the deceased in carriage. After that came the children of the Kapala Japanese school of which Rev. Miyazaki is the principal. The children carried flowers in their hands; then came the members of the Young Men's Buddhist Association, then the ordinary mourners, first pedestrians in four rows, then carriages, and lastly those riding in two orderly columns. Although Rev. and Mrs. Miyazaki are comparatively new comers in Lihue, they have endeared themselves among the Japanese community by their kind and unselfish ways.

## OPERA TOMORROW

Tomorrow evening Honolulu will hear talented local singers in "Said Pasha" at Hawaiian Opera House. The last finishing touches to the opera will be put on tonight at the full dress rehearsal and then the singers will be prepared for the event for which they have worked so diligently during the past few months.

The rehearsals indicate a most meritorious performance and one that will surpass in artistic work and costuming any previous amateur theatrical in this city.

The cast of principals is particularly strong, while a large and well drilled chorus of splendid voices assures excellent support. Captain Berger, who conducts the music, has been of great assistance to the singers and has had the advantage of conducting the same score for the Boston Lyric who were here about five years ago. The orchestra is well balanced and blends most harmoniously with the voices of the singers.

The sale of reserved seats continues at Wall, Nichols Co., for both Thursday and Saturday's performances.

## GLASSES CAUSED FIRE

A fire occurred recently in San Francisco, which mystified the occupants. It was discovered that Mrs. Wöhrden had left a pair of eyeglasses and a newspaper lying on a bed in the full glare of the afternoon sun, and it is believed that the sun's rays shining through the lenses set fire to the newspaper.

## SUNSHINE MEASURED.

Sunshine is so rare in England that the government takes great care to measure it. The official summing up for 1903 as regards sunshine shows that all districts in the British Isles, with one exception fell short of the average. The exception was England, north-west, including Manchester, that curiously had an excess of 57 sunny hours. In Scotland north, west and east the deficit was 81 hours, 48 hours and 123 hours. England northeast and east were short by 107 hours and 139 hours.

THE LAVINIA  
WAS LIBELLED

A SEAMAN WHO HAD A CLAIM  
AGAINST WEISBARTH FOR \$45  
DOLLARS.

Captain WeisbARTH's gallant ship Lavinia spent last night in the custody of the Federal authorities with a libel stuck on her mainmast but this morning she was freed by her owner and is once more at liberty to plow the raging deep in search of wealth that others have neglected. William MacDermott, able seaman, was the cause of the temporary embarrassment. He had a claim against the vessel for \$55 wages owing he said for the trip which Captain WeisbARTH took recently to Lisiansky Island in search of the Japanese bird skins. He resorted to the United States District Court when other means of collection failed. This morning he reported that the method adopted had been successful and the matter was settled out of court.

## DAVIS GETS \$200.

The case of George Davis against Mrs. de Nobrega in which the attorney was suing for counsel fees, ended without bloodshed. Both Davis and Attorney General Andrews are able to sit up and take nourishment after their battle and incidentally Davis is \$200 richer unless an appeal should knock him out. The jury in Judge Robinson's court yesterday awarded him that sum for his services in connection with the de Nobrega divorce case.

## Land of Kawaihae 2d--Kohala, Hawaii

By direction of the Executive Committee of the Board of Trustees of the Queen's Hospital, I will offer at public auction a leasehold of the Land of Kawaihae 2nd, Kohala, Hawaii, on Monday, September 19, 1904, at my salesrooms, in Kaahumanu street, Honolulu, at 12 o'clock noon.

This property comprises one of the most desirable grazing tracts of the District and the source of the Keawenui stream, an unfailing water supply, is located on the upper or mauka portion of the property which is considered the best fattening land in the neighborhood.

The property extends from a point near Kawaihae Landing to the mountain known as Kaumu or Kaleihohoe, a distance of about eight miles, varying in width from one to two miles.

At Kawaihae there is on the property, adjoining the Parker place, a very desirable House lot.

The area of this land is 10,000 Acres, more or less.

The purchaser will be required under the terms of the lease to fence the forest portion of the property in the vicinity of the water heads or source of the Keawenui stream, and otherwise provide for the exclusion of cattle from the forest portion by the erection of a five-wire fence so constructed to keep the cattle out.

Lessee must also keep down the lan-tana on the property. No live timber to be cut on the forest portion except for fence posts to be used on the ground, and the cutting of algaroba on the lower portion must be confined to thinning out and trimming.

Lease price for 30 year term, \$2500.00 per annum, payable quarterly in advance. A Map of the property is now posted at my salesroom.

For further particulars apply to the undersigned or A. E. Loebenstein, Surveyor, Hilo.
